Should Christians Vote?

This topic has the potential to be divisive when you're talking about religion, and when you add a political overtone sometimes it has the potential for fireworks. Rather than turning this into a debate of opinion about who is right and who is wrong, let's see what the Bible has to say about voting.

Psalm 146:3: "Do not put your trust in princes, human beings who cannot save."

The Bible says that there is no supreme answer to the woes of the world. But how do we as Christians relate to what is about to unfold in 2020 in an intense and inflammatory political season?

Should we run in the other direction? After all, we're citizens of another kingdom, and others think we should use our influence for good and have every church become a polling station. This is not about any party or person, it's about principles and attitudes. The Bible says we are primarily citizens of another kingdom.

John 18:36: Jesus said, "My kingdom is not of this world. If it were, my servants would fight to prevent my arrest by the Jewish leaders. But for now, my kingdom is from another place."

This is letting us know that Jesus will someday reign supreme in this world. But right now there's a contest between two principal leaders, Jesus and the Devil, with a lot of people in between.

Luke 17:20: Jesus replied, "The coming of the kingdom of God is not something that can be observed, nor will people say, 'Here it is,' or 'There it is,' because the kingdom of God is within you."

News Release: August 4, 2020

Tampa, Fla. -- Today, the Greater Tampa Chamber of Commerce announced the finalists for the 40th annual Small Business of the Year Award for 2020. These prestigious awards recognize the impact and honor the accomplishments of the most outstanding small businesses and small business leaders in Tampa.

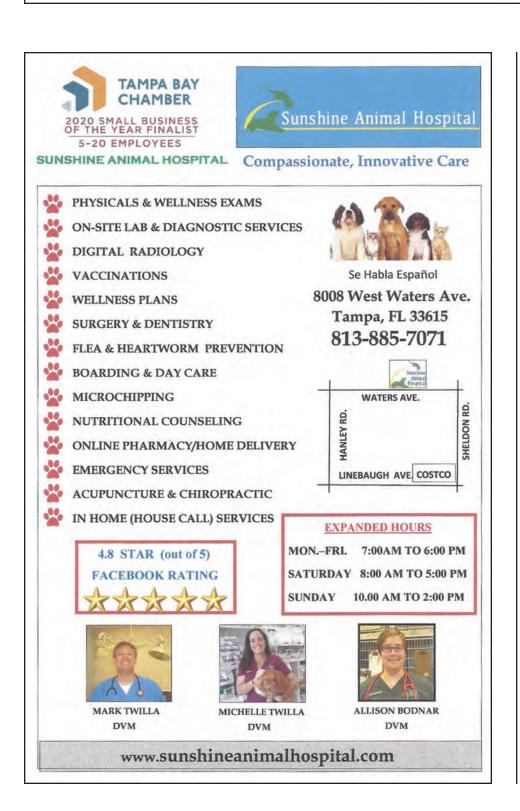

Small business awards will be presented in three categories based on the number of employees. Companies are evaluated on commitment to good and ethical business practices, community involvement, operational management, innovativeness and leadership.

Sunshine Animal Hospital was selected as one of the five finalists in the 5-20 employee category. The five finalists were chosen by a panel of judges from over 400 hundred nominations. The winning company will be announced at an awards reception at the Tampa Armature Works in November.

Sunshine Animal Hospital which is located at 8008 W. Waters Avenue has been serving Tampa pet owners since 1980. It is a privately owned small animal veterinary facility offering wellness care, internal medicine, emergency and critical care, surgery, acupuncture, chiropractic, dental services, on site lab and pharmacy, diagnostic services, radiology, cryotherapy, house call services and an on-line pharmacy with home delivery. Sunshine Animal Hospital's involvement in the community includes a partnership with the Hillsborough County Pet Resource Center as well as programs that help veterans and owners of pets who are elderly, with financial aid when the costs of needed services are beyond the means of the owner. This also includes caring for and rehoming orphaned or abandoned animals.

Sunshine Animal Hospital has also been voted the Nextdoor "Neighborhood Favorite" for the 4th year in a row. When asked about what her clients think of Sunshine Animal Hospital, Co-owner Julie Warshaw said "our client reviews speak for themselves". Heartworms in Pets

Heartworm disease in pets is easy to prevent but difficult and costly to cure. Left untreated it is potentially fatal. Dogs and cats contract heartworm disease when they are bitten by an infected mosquito. When that mosquito bites your pet it transmits the larvae to your pet. Left untreated the infant larvae will live in the bloodstream and heart and develop into mature adults producing more microfilariae (microscopic heartworm larvae). The heartworms can live 5 to 7 years in a dog and 2 to 4 years in a cat. The heartworms will block major blood vessels that support the kidneys, liver and lungs and will live in the right side of the heart. This can cause significant damage even before the pet shows any symptoms.

What are the symptoms of heartworm disease? The primary symptoms are a cough, difficulty breathing and being tired after exercise. Heartworm disease is easily prevented. Testing for heartworms is inexpensive and takes less than 10 minutes. There are many excellent products available for your dog or cat. It is important that Florida dogs and cats receive monthly heartworm <u>prevention year round.</u> Heartworm prevention encompasses a separate subject which I will address in a future article.

Kid's Corner: Oasis Pregancy Center

Hi my name is Harley, and today we're going to talk about Oasis Pregnancy Care Center. As you already know, this year is Covid-19 so I was not able to have a very big birthday party.

Every year at my birthday party, I do not ask for presents but I ask for donations for various she is constantly adding written and video organizations. This year for my 8th birthday, I

requested donations for Oasis Pregnancy Care Center. We had our friends the Schreiber's and Koster's celebrate my birthday and my friend Kinsey's mom Mrs. Julie who volunteers at Oasis donated a bunch of cute baby things and clothes and pacifiers and lotions and diaper rash stuff and IT WAS THE CUTEST!

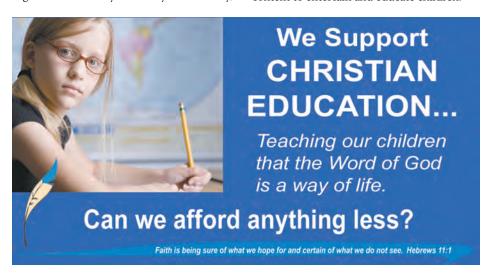

I want to help babies because babies have special needs and I want to meet those needs. I want to show Jesus' love to as many babies as I can. Next year I will have a much bigger party with a lot more donations. I know you may not know me personally, but could you please consider donating to Oasis for my birthday? Thank ya! Can't wait to see you next month in the Kidz Corner! Bye!

Have You Lost Your Mojo?

By Samantha Taylor, Samantha Taylor Fitness

It's the last quarter of 2020. Woah, that is hard to admit! I know we all had such different plans for this year, we are still in shock. But here we are, as a community, as a "team" have a chance to turn this around in your life.

One thing that always amazed me about football is that even if a team did really bad for the first 3 quarters and lost their mojo, if they huddled together and figured out how to get that FIGHT back within them and take it to the finish line, some teams would pull together and

Even when it looked like all odds were against them, even if they were 2 scores down going into the 4th quarter when it looked like they were not going to win. But some teams find a way to pull it together, get focused, and take it to the finish line!

You have 4 months left in 2020. Make a DECISION that you are not going to be a victim of circumstance and no matter how bad it gets around you, YOU don't have to go down with the ship. YOU can pull yourself together and find that FIGHT within you and say, "Enough is enough! I am still going to live my best life regardless of what is going on around me!"

Yes, you can still eat healthy in a pandemic. Yes, you can still work out. Yes, you can still take care of your health and come out of this thing actually healthier then when you went into it. If you haven't been doing this already, it's time to get back on track. It's the last quarter. We have to huddle together and fire each other up that WE CAN DO THIS!

Don't lie down and be the victim and let life run you over. Pick yourself up, dust yourself off, and figure out the first thing you can do to make a better choice for your health. It takes a conscious decision to do this. Even moreso with intensity during a pandemic. Even if you haven't been doing well, you still have time to get yourself together these next 4 months if you start now.

I know life is tough, I know its been the craziest year many of us have seen in our lives. I know its been more stressful at times, then we have been able to bear. But its been going on for 6 months now and unfortunately it's not stopping right now.

There is something empowering about saying, "Enough is enough! I am not living like this anymore." That is why we must make a decision to get back on track. If you don't start now, when? When it's over? You can't wait for that to make healthy choices for yourself.

It's even more now than ever before that we need our health! It is documented on the CDC website, those that are healthier have a less chance of getting the virus and and it's the last quarter of the year. Which means you still if you do, the symptoms tend to be less intense in most

> Make a decision for yourself that you are going to pull it together this last quarter. If you don't want to do it alone, we can help you. If you don't get with us, get on some team that will help pull you up instead of feeling pushed down in life. If you want that to be us, we have got your back! Let's do this! Fighting obesity and having healthy blood sugar is even more critical now then ever! These are some of the top two things you can do for your health that can help you during this intense time.

> I encourage you to find that fight within yourself. Give yourself the gift of feeling amazing and getting in shape during a difficult season in life. Ask God for help, pray for His strength. You will not only thank yourself now but later. And so will your family, for we don't do this just for ourselves, we do this because we also care about the people around us.

Be strong and courageous! Joshua 1:9 813-377-3739

How On Earth Did I Get Here?

James H. Willis, III

COVID-19 SPECIAL! \$10.00 DURING SEPT.

For 2020, we are doing a 12-month summary of my book. It is filled with unbelievable personal stories of conflict from family fights, divorces, and personal insecurities to living in a tree at 15, homeless. Later, the book recounts how the Lord's guidance put me on the path of an overcomer! From being unloved, unwanted, and uncared for to healthy, happy, and whole.

CHAPTER 9: "NEW BATTLES—NEW ENEMIES!"

Wowzers, is this chapter relevant for today. Christians, do you know that you are in a battle? Many don't seem to think so. To me, that seems amazingly ignorant or just blind. Maybe they are choosing just to stay hidden. But now more than ever in our lives do we need to get engaged as Christian Soldiers. We need it. Our churches need it. We need to start meeting, gathering, and sharing the word of life more than ever before. Our nation needs it badly! Look what happens when they put us, the church, into the closet. Hell has broken loose!

As you read my story, you will find that battles take place. Even in victory there can be pain and suffering. Sometimes the battles are within us. Sometimes the battles are with other Christians or like right now our warfare is with Satan. He wants to destroy our America right now. He wants to crush the Church completely. And Satan wants to humiliate you and push you right out of the way. The Bible says, "The gates of hell will not prevail against the church." Of course, there will be costs. But if we don't stand, "and having done all to stand," we are going to lose everything on earth.

Read my book. Chapter 9 tells you how and why to put on the whole armor of God. Fight for peace, righteousness, salvation, truth, and God's Word.

Warning... Don't read this book...

...unless you are needing an outrageous relationship with God

In Florida, three types of rivers occur blackwater, whitewater (alluvial), and spring run rivers. Blackwater rivers are tannin-stained from marshes and swamps. Alluvial rivers, made of high-volume systems, transport suspended sediments and have a milky color. Spring runs originate from springs.

When you observe rivers, you will see that they seek paths of least resistance. If a river is unmodified, it typically follows a tortuous route, floods frequently, and creates floodplain wetlands. When rivers un-

I recently kayaked on the Hillsborough springs or from rainwater that accumulates River with my friend Efraim Mendelson from Israel. He had visited me BC (Before Covid) and he could not wait to come back and go on the river again. We kayaked at the same location—Sergeant's Park—and

included a trip on the high waters of 17 Runs. The afternoon was amazing and Efraim talked to everyone he met. He proclaimed the beauty of the river and how there was no other place like this on Earth. He is a Cantor and well-known singer and he celebrated his life on the river with wonderful songs in Hebrew that he also sings in synagogue and during celebrations.

Efraim volunteers and entertains children in hospitals and arranges for children in need of special surgeries to come to the United States to be treated.

I played Efraim a blues song on my harmonica that I composed on the spot for him and heard the tune echo through the woods along the river. We both laughed and smiled and enjoyed the beauty of what Hashem provides.

Pasco Tax Collector Supports ABC

Tax Collector Mike Fasano's five offices collected donations in July for the Pasco County School District's ABC (Assist, Believe & Care) Program. The program was created to provide financial assistance to students and their families who are experiencing economic hardship, especially when those needs in-

terfere with the student's ability to be academically successful. The cash collected will go into a fund that teachers can use when they see or learn of a need a child may have. In past years this office has donated thousands of dollars to Pasco schools to support this important program.

The schools chosen by each office to receive donations are as follows:

Gulf Harbors Office – Sunray Elementary School, Holiday

Wesley Chapel Office - Woodland Elementary School, Zephyrhills

New Port Richey (West Pasco Government Center) Office – Moon Lake Elementary School, NPR

Land O' Lakes Office - Charles S. Rushe Elementary School, Land O' Lakes

Dade City Office – Pasco Middle School, Dade City

The ABC Program was designed to help students and their families who are experiencing hardship or crisis. The assistance provided helps students get back on track and stay on track.

Sunrise of Pasco is Pasco Tax Collector's September Charity of the Month

Pasco County Tax Collector Mike Fasano's five offices will be collecting donations in September to assist Sunrise of Pasco County's Domestic & Sexual Violence Center. The mission of Sunrise of Pasco County's Domestic & Sexual Violence Center is to prevent domestic and sexual violence before it ever happens. In 2019 alone over 13,600 individual shelter stays (overnights) were provided in Pasco County.

"The impact domestic and sexual violence has on a family is tragic and the hurt caused to children living in a violent home can leave lasting trauma," comments Kelly Sinn, CEO of Sunrise of Pasco County's Domestic & Sexual Violence Center. "With the help of Senator Fasano, the Tax Collector's Office and members of our community, Sunrise is able to provide safety and give hope to those most vulnerable - our children." "Once primarily thought of as an East Pasco program, Sunrise has expanded to provide services all across Pasco County," remarks Tax Collector Mike Fasano.

Sunrise is seeking donations specifically to increase the funding for its children's programs, including school supplies, meals and recreational activities for kids in the shelter or outreach programs. Cash donations can be made at any of the five tax collector locations in Pasco County. For more information about the charitable giving program at the Pasco County Tax Collector's Office please contact Assistant Tax Collector Greg Giordano at 727-847-8179 or visit <u>www.pascotaxes.com</u>.

For more information about services provided at Sunrise please contact Vicki Wiggins, Director of Development via email at vwiggins@sunrisepasco.org. Donations may also be mailed to the tax collector's office at the following address: Tax Collector Mike Fasano, P.O. Box 276, Dade City, FL 33526. Please note on your check's memo line "Sunrise."

An Act of Kindness: The Good Samaritan

Jesus answered, "A certain man was going down from Jerusalem to Jericho, and he fell among robbers, who both stripped him and beat him, and departed, leaving him half dead. By chance a certain priest was going down that way. When he saw him, he passed by on the other side. In the same way a Levite also, when he came to the place, and saw him, passed by on the other side. But a certain Samaritan, as he travelled, came where he was. When he saw him, he was moved with compassion, came to him, and bound up his wounds, pouring

— Luke 10:30–37, World English Bible

on oil and wine. He set him on his own animal, and brought him to an inn, and took care of him. On the next day, when he departed, he took out two denarii, and gave them to the host, and said to him, 'Take care of him. Whatever you spend beyond that, I will repay you when I return.' Now which of these three do you think seemed to be a neighbor to him who fell among the robbers?'

He said, "He who showed mercy on him."

Then Jesus said to him, "Go and do likewise."

The Social Security Act was signed into law by President Franklin D. Roosevelt in 1935.

When older folks could not work anymore, they needed funds set aside or they would have to be cared for by their family or go to the poor house.

"When the old age pension comes to your door, you won't have to dread the poorhouse anymore. Powder and paint will be the rage and old maids will tell their age. When the old age pension check comes to your door." The old age pension song was sung after the crash of 1929 and the beginning of Social Security.

The Medicare program was signed by President Lyndon Johnson into law in 1965.

The Patient Protection and Affordable Health Care act was signed by President Barack Obama in 2010 (covering pre-existing conditions).

GFWC Donates to Advent Hospital

Mr. Cappellini, Volunteer Services Director of Advent Health with member Barbara Booth

GFWC Lutz-Land O'Lakes Woman's Club members have been providing "comfort pillows" for post-surgical patients at Advent Health Hospital for years. Member Barbara Booth has most recently delivered 40 pillows to Mr. Cappellini at the Hospital. Since the entire club can't gather during Covid-19, Ms. Booth stuffed and finished the pillows herself, which were sewn by members Susan Corcoran, Barbara Booth, and Club Booster Husband Lonnie Lykins. Hats off to Mr. Lykins!!! For more information on this community service organization, please visit www.gfwclutzlandolakeswomansclub.org or its Facebook page.

Hurricane Preparedness

Submitted by Michelle Spreadbury, Exe. Assst. Chief Deputy Jeffrey Harrington, Pasco Sheriff's Office

Hurricane season is officially here. Although the county has focused on the COVID-19 pandem-ic, it is crucial to prepare for other disasters. The Pasco Sheriff's Office encourages citizens to plan ahead for hurricane season. Preparing today can save lives and protect your property during a storm.

A crucial first step is to make sure you have a hurricane supply kit. Your kit should include water, non-perishable food, batteries, toiletries, first-aid supplies, medications, cash and fuel. It is important to remember pet supplies, as well. It is recommended to stock enough food and water to last three days per person.

The Pasco Sheriff's Office suggests obtaining sandbags in advance to prepare your home for hur-ricanes. Waiting until the storm is here can mean that supplies might be low in stock. If you don't have storm shutters, consider purchasing plywood to fabricate shutters for your windows.

Ensure outdoor items are properly secured or stowed away when a storm is in the forecast. Keeping trees trimmed and disposing of fallen limbs and other yard debris is a good idea before and during hurricane season.

Debris and outdoor furniture can become projectiles during a storm, so it is important to secure these items before a storm arrives. It is also important to properly clean your gutters as part of hurricane preparations.

If an evacuation order is issued for your area, please follow it. If you plan to evacuate, keep in mind that community shelters may be limited on space and should only be used as a last resort. Before evacuating make sure to have copies of important papers, including your driver's license and insurance policies. Let friends and family know where you are going and remember to lock your windows and doors before leaving.

If you choose to shelter in place, plan ahead. Designate a safe room, such as a windowless closet or bathroom on the lower floor of your home. Fill containers with water, to give yourself an al-ternative in case water sources become contaminated during the storm. Additionally, if flooding occurs in your home, turn the power off at the main breaker to prevent further damage and harm. In the event of a power loss, it's critical to know what medical equipment will become unusable and make a plan for its absence.

Although most dangers from a hurricane are apparent, such as wind damage or storm surge, there are additional risks that are less apparent. For example, drive carefully and avoid flooded

Staying informed during a storm will help you and your family stay safe. The National Hurricane Center forecasts are an accurate source of information along with the Pasco Sheriff's Office Fa-cebook and Twitter accounts.

Bear in mind that the areas effected will extend beyond the center of the storm. The Pasco Sheriff's Office is here for our community, and we encourage citizens to prepare well in advance

There is still hope, Lets beat back the enemy together

Dear Friend,

In all our lives we have opportunities to do something small that's really-Big and Great. Every soul we help is part of our love for our maker. For such a time as this the bible tells us secrets, like Harbingers to recognize. Scripture words like sword or shield that can change our future for the better, the words, banners or standard have prophetic meanings. After realizing the devil is called the lawless one and wicked ways means not keeping, guarding or doing his commandments. We were told to love him by keeping his instructions the 10 commandments. The main Evil of Today is Liars to the left of me, Liars to the right. Remember there is no lie in his children! The 10 commandments are a sword and shield that we must raise now as a banner or standard long forgotten. He who authored those words will finish them! The battle is his, vengeance is his. Whenever evil was overcoming the people, the law of the Eternal one was brought to the attention of the people. We keep the commandments by Grace through faith. He teaches us. It is written the commandment is a lamp and the law of the creator is the light! Lets shine a little light on the darkness together and repent.

Order these vertical signs to place in your territory on the 26th of Sept., a set apart day along with Rabbi Jonathan Cahn who is assembling a Global day of Repentance and a gathering on the Washington mall.

Should Christians Vote? Continued from Page 1

feeling some emotions of patriotism? How did Jesus feel when He prayed, "Oh, Jerusalem, Jerusalem how often?" The concept of voting and choosing leaders is actually Biblical.

Deuteronomy 1:13: Moses said, "Choose wise, understanding, and knowledgeable men from among your tribes, and I will make them head over you."

Trying to find a replacement for Judas, the two cast lots.

Acts 1:23-26: "So they nominated two men: Joseph called Barsabbas (also known as Justus) and Matthias. Then they prayed, 'Lord, you know everyone's heart. Show us which of these two you have chosen to take over this apostolic ministry. which Judas left to go where he belongs.' Then they cast lots, and the lot fell to Matthias, so he was added to the eleven apostles."

of the Holy Spirit and wisdom, which we may appoint over this business."

It may not be clear on how they came up with the seven deacons for nominees, but they came up with seven names. One of the seven was bad, whom you can read in Revelation about the doctrine of the Nicolaitans. Nicholas started out good, full of the Holy Spirit, but when he when bad the disciples decided, "We're not going to vote for anyone ever again because they could go bad."

This may have not been clear thinking on their part because, after all, who made Lucifer? Was he a good angel? But going bad was his responsibility. Though the people said, "Give us a king." The people didn't pick Saul. God picked Saul and then filled him with the Holy Spirit, and for a while, he their government, you're going to get what you was a good king. But then pride went to him and he went bad, so did God make a mistake?

God picked Saul because of his free will to do good, so He entrusted him and filled him with the Holy Spirit until pride crept into his heart. The point is, God does not pick bad behavior people unless you're born again. A good example of this is in the New Testament. Saul of Tarsus had been converted along the Damascus

With that said, is there anything wrong with road where Jesus restored his sight in Acts 9, then later changed his name to Paul.

People are going to do their best if they keep

their promises. So you can't say you are not going to pick anybody because of what they might do. Are we really going to go through life that way? Acts 6:3: "Therefore brethren, seek out from As Christians, you have to make your decisions among you seven men of good reputation, full based on biblical teachings and compare them to what you are hearing at the time and what you dren of Christ, we've got to occupy till He comes know and pray for the best. There were times in the 1800's where political parties were extremely might die tomorrow.

Paul said in 1 Corinthians 3:3-4: "For you are Nicholas of Antioch, a convert who later went still carnal. For where there are envy, strife, and division among you, are you not carnal and behaving like mere men?"

As Christians, we shouldn't be doing any of that in the house of the Lord, for judgment does not fall upon you, only God. But there are biblical principles and issues that Christians should support and demonstrate. We are to respect his cities and political systems and our nation established by God. Good or bad, this is how we get leaders. They are picked by the people. So if people don't represent their biblical values in deserve. When someone says I'm voting this way, or that way, just say "Praise the Lord." We live in a country where we are free to make those choices. You shouldn't feel like you have to twist anybody's arm to think like you.

Paul says in Romans 13:1-2: "Let every soul be subject to the governing authorities. For there is no authority except God, and the authorities that exist are appointed by God. Therefore who-

God, and those who resist will bring judgment on themselves."

When the children of Israel were sent off to Babylon because of their bad behavior, they didn't like the idea, but God said: "You're going to be there for 70 years."

Jeremiah 29:5-7: "Build houses and dwell in them; plant gardens and eat their fruit. Take wives and beget sons and daughters. Seek the peace of the city where I have caused you to be carried away captive."

He's saying, "You're going to be citizens of that country. Be good citizens even though you are children of Israel. Pray for the peace of that country." Because what happens in that country is going to affect you. While you are in Babylon, He said, "You ought to care about Babylon and pray for Babylon because what happens in Babylon is going to happen to you." So as Americans, and Christians, we have dual citizenship, and as chilback. So plan for 1,000 years, and live like you

There's a story in 2 Kings 20-1-10 in the Bible where Hezekiah was sick and God worked a miracle and healed him. And to prove the miracle, the sun went backward 10 degrees (Isaiah 39) when the ambassadors came to Babylon to find out about their God.

But instead of Hezekiah showing them the God of Israel, he showed them all his stuff. Isaiah came to him later and said, "What did they see in your house?" He said, "Oh, I showed them all my stuff." He said, "You didn't show them and tell them about God?" "Ah, no." He said, "Thus saith the Lord, the day's coming when the Baby-

ever resists the authority resists the ordinance of lonians will come to take your sons and make them eunuchs in the palace of Babylon." As in Shadrach, Meshach, and Abednego. "Everything you showed them is going to be carried off. Hezekiah said, "Good in this is the work of the Lord. At least there will be peace in my

> He may as well said, "You know, I don't care about what the government does with the environment, as long as I still have resources in my day." Nevertheless, who we will be electing will have consequences for generations to come. The reason you are free now is that many lives were shed in World War I and World War II, and because of America, more and more countries have had a democratic representation and the privilege to vote.

> Some people think by not voting, they won't be linked to what happens or what these people do in office. But, you might be linked by not voting anyway because this too will influence the outcome. Actually, not voting is a form of voting. So when policies and leadership are being chosen, we ought to pray for wisdom to make intelligent choices for the proclamation of the gospel.

> Jesus said, "Occupy until I come." Luke 11:23. "He who is not with me is against me, and he who does not gather with me scatters."

> So as Christians, you may have to get involved, for we live in a country where rich, poor, no matter who you are, you have the privilege of that one vote. 1 Timothy 2:1-2 tells us that we should care about who our leaders are, so we might have a quiet and peaceable life. Edmond Burke said, "All that is required for evil to prevail is for good men to do nothing."

> Romans 6:23: If the wages of sin is death, then why we are not dead yet? Because Jesus gave Himself up and bought us some time to be His disciples and work for him and to do what Jesus would do. W.W.J.D.

> "A Psalm of Thanksgiving; Shout happily to the LORD and to all the earth." God bless America for which it stands. Amen.

Red Cross Recruiting Local Volunteers

Florida is seeking volunteers to assist during this year's active season in the midst of the Covid-19

In early August, the Red Cross prepared for Tropical Storm Isaias (which became a hurricane) that moved up the east coast of Florida as the ninth named storm of the season—the earliest on record. Now, forecasters are keeping an eye on two tropical disturbances moving westward across the Atlantic, which currently have a 60% and 90% chance of development in the next five days

"In light of the record pace of storms we are seeing in the Atlantic, the Red Cross is asking members of our community to consider joining us as a disaster volunteer," said Katie Sherk, Red Cross Regional Disaster Officer. "Travel restrictions and health concerns due to the pandemic will make it challenging for hundreds of workers from other states to travel to Florida to help, as they have in the past. In the event we are directly impacted by a major storm this year, we will be relying on local volunteers to meet this need."

SHELTER WORKERS NEEDED The Red Cross will continue to open evacuation centers and traditional post-storm shelters at the request of emergency management and in coordination with local public health authorities. To help keep people safe in the COVID-19 environment, we have put in place additional precautions and developed special training for our workforce.

As we enter the peak time of year for hurricane HEALTH SERVICES SUPPORT NEEDED Due to the pandemic, there is also a special need development, the American Red Cross of Central for registered nurses (RNs) and other medical professionals with active, current and unencumbered licenses. Should congregate shelters open, disaster health volunteers would be needed to help screen and assess people's health.

> HOW TO VOLUNTEER Prospective volunteers are encouraged to review the CDC guidance for people who are at higher risk for severe illness, consult their health care provider and follow local guidance. Our top priority is the health and safety of our employees, volunteers and the people we serve. Individuals interested in helping us provide service to our communities this hurricane season can get started at www.redcross.org/VolunteerToday.

> The Central Florida Region of the American Red Cross serves 19 counties through five chapters: Florida's Space Coast (Daytona Beach), Greater Orlando, Mid-Florida (Winter Haven), Southwest Florida (Sarasota) and Tampa Bay. For more information, visit redcross.org/centralflorida. Also find us on Facebook and Twitter.

About the American Red Cross:

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies about 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. The Red Cross is a not-forprofit organization that depends on volunteers and the generosity of the American public to perform its mission. It's that time of year again in Florida... hurricane season, which means we as Floridians must be proactive in order to protect our homes. Hurricanes and tropical storms hit Florida every year, and as a result, large trees, branches, and other debris can cause extensive damage to our landscapes.

The Tree of Life

Anne Childers, Staff Writer

What if there was a tree whose leaves, branches, and roots provided for the health and nourishment of humans and domestic animals by providing medicinal benefits, soil enrichment,

naturally in subtropical areas, and what if this amazing tree had ties to Tampa Bay?

and even bio-fuel for cars and machinery?

The publishers of the Dunndeal Gazettes recently learned of the Moringa tree, how it has changed and improved lives around the world, and how research in Tampa has contributed to saving lives in third world countries.

USF is currently involved in exciting experiments involving the Moringa tree in the production of bio-fuel, and Morningstar Farms in Dade City is using this multi-purpose tree to educate hungry nations on food production in

order to prevent starvation.

Over the next few months, this space will be dedicated to sharing information about the amazing Moringa and how it can be used to improve the quality of life for people everywhere. Stay tuned for some astounding facts and information as we explore all the Moringa tree has to offer mankind.

In our world of continual hype about perfect products for everything from weight loss to cleaning supplies, it is easy to be skeptical of anything touted as the perfect natural remedy for nearly everything. The upcoming series on the various species of the Moringa promises facts and information to answer any questions or concerns.

For now, please read the review below from the renowned John Hopkins School of Medicine Research on the medical evidence for the What if this fast-growing, hardy tree grew Moringa's nutritional, therapeutic, and prophylactic properties:

> Moringa Oleifera: "In fact, the nutritional properties of Moringa are now so well-known that there seems to be little doubt of the substantial health benefit to be realized by consumption of Moringa leaf powder in situations where starvation is imminent. Clearly, much more research is justified, but just as clearly this will be a very fruitful field of endeavor for both basic and applied researchers over the next decade."

Yucca Pizza Delight

The tuberous root of the yucca plant shown here is 10 inches long!

- 1. Peel the tough skin off and cut in chunks, then boil until soft (about 10 min).
- 2. Place soft yucca in a blender and add 1 egg and ¼ cup almond coffee creamer.
- 3. Chop your favorite veggies (broccoli, onion, and green and jalepeno peppers).

4. Add herbs, basil, parsley, cilantro, curry, garlic, crushed pepper, and Himalayan salt to chopped veggie mix.

5. Spray olive oil into a frying pan, pour the blended yucca mixture into the pan, and cook on low 15 min. with lid on.

- 6. Place the veggie/herb mixture on top of the yucca pancake, spray with olive oil, flip it over, and cook 5 min.
- 7. Flip it back and add feta cheese on top of veggies and then put the lid on the pan so the cheese will melt.

Mark and I split one and shared the other with our condo neighbors at St. Pete Beach during our holiday in June. Enjoy! It's all good
