Have you ever felt you were drifting in life? Maybe you are not sure of your direction not confident in your decision making. Possibly you thought life was heading one way and then you suddenly find yourself caught in a mirage of circumstances that has placed you "adrift" not even from your own decision making but from others! It's easy to fall victim to such a plight and feel helpless to get back on course, especially when drifting in your circumstances you feel you've lost control. Many are feeling this way in our nation, and personally in their lives. Our nation has been turned upside down by a pandemic that suddenly arrived and unfortunately caused havoc in people's lives, jobs, families, and health. We are faced with having to trust officials, who at times, were very unsure of their footing and how to direct a resolution of plans to keep our country moving forward.

Honoring Mom

Samantha Taylor, Samantha Taylor Fitness

A mom dedicates so much of her life to raise her children, investing her time to be there for whatever her kids need. And in the midst of caring for everyone else, mom often doesn't take care of her own health. She carefully packs everyone's lunch but her own. She makes sure everyone gets to their sports and activities but not her own. What mom doesn't realize sometimes is that by not taking care of herself, she cannot give as much as she can to those kids because many times, she is just tired.

Of course, that is not the case for all moms, but the thousands of moms I have helped lose weight say before they start our program, "I just want more energy, to feel better and to be more active with my kids." One client who lost 4 sizes and helped her children come off sugar, too, said, "I am so much happier as a mother. I didn't realize how irritable I had become with these 3 boys. It really is so different raising kids when you are healthy and fit."

Many moms tell me they regret sitting on the sidelines instead of being engaged with their kids. And numerous moms have admitted to me that that they don't feel as confident about their bodies compared to the other moms so they feel embarrassed showing up at events and interacting with other people. And they tell me that they are not as happy as they used to be and that makes them grouchier and snappier with their kids. And by the time the evening rolls around, they have given so much of themselves that when it comes time to spend time with their husbands, they sometimes feel too tired and want to go to bed!

Then I hear the other side of moms who do take action and invest time in themselves as well as take care of their family. They learn that it's not selfish and it's actually for the family, too, because when mom is happy and feeling good, that affects the whole family. I have had husbands of our clients tell me, "Thank you for giving me my wife back! She is happy again!" A good example of this is a client whose husband inspired her to come see us and she lost 90 lbs. in 10 months!

It's so important that we mothers take care of ourselves, too. When we do this, our bodies are strong and we have lots of energy and stamina to be the wonder woman we are! Women are amazing, and being a mother is a whole other level. Give yourself the gift of taking care of you, too! You are not only doing it for yourself but you are also doing it for your family.

You want to be able to play with those children on the ground and easily get back up, to be able to watch them graduate and babysit those grandchildren without being bogged down with a bunch of medical issues. Most people that deal with medical issues wish they would have taken care of their bodies. I know some medical issues are not avoidable but doing something to prevent the ones that are is the key.

Give your mother, your wife, or yourself, the gift of health and wellness and contact us for a free Body Transformation Analysis so you can see and feel how much better you will feel when you are healthier! We even have many husbands that have encouraged. Happy Mother's Day, you amazing women!

Are You Drifting?

Continued from Page 1

Dr. Dianne Coflin
Co-Pastor, River of Life Church

The apostle Paul in Acts 27 faced a very similar set of circumstances. Maybe it wasn't a pandemic, but an extraordinary set of circumstances that left him and two hundred

and seventy six men in great peril. He was aboard a ship that was adrift at sea as a violent storm had driven them off course and the wind and sea were dangerously tossing them about. There was no visible sign of the sun or stars for many, many days as the storm kept raging, and eventually they lost all hope of being saved. They had no control over their outcome, remaining in continual suspense and their drifting at sea was leading them to further destruction.

When life causes you to feel adrift, with no end in sight, emotions become fearful and anxious, oftentimes leading you to make very serious decisions that are devastating. Maybe that's how you feel right now. Are you contemplating a decision that would be a disaster for you and everyone else because you are motivated by hopelessness?

Paul, while on this voyage with many sailors, found that they were ready to jump ship and their decision would ultimately cost them their lives. He began to warn them in the midst of this horrific storm that their decision would only bring them more destruction. How could Paul know this?

Why was Paul so decisive about proper direction in the midst of being adrift? Why was he able to take charge of this seemingly impossible situation and bring hope to 276 desperate, starving, fearful sailors? How could he bring such clarity of thought as he did when he said (verse 22) "there would be no loss of life among them." It was because Paul had heard from the Lord!! This tells me that when we feel adrift, no matter how hard the circumstances, we can look to God and listen for His direction. He can and will speak in the most impossible situations. We need but to ask, believing that He will answer.

Paul contended for God's wisdom, he prayed in intercession (appealing to God on behalf of others) and worshipped God despite how he felt in this life-threatening storm. I am reminded that God never leaves us, nor forsakes us and nothing can separate us from His love! Not only did God speak, but He sent an angel to Paul to strengthen him, accompanied with an incredible gift of faith to encourage everyone on this ship that their lives would be saved, even though the ship would be lost, and they would end up on an island. This word of the Lord was delivered with such anointing that all listened and took courage. Can you imagine how powerful the word of the Lord was that impacted those men?

I want to encourage you today that no matter how difficult your circumstances are, no matter what you are facing that seems insurmountable, bringing you the feeling of loss of control and the odds seem against you, take Courage, seize it this very moment. God will impart to you help no matter how far you have drifted.

You need but to call upon Him in time of trouble, trusting him to answer. Then hold on for His answer and help will arrive! You can boldly say, "The Lord is my helper, I will not fear,"(Heb.13:6). Take heart today my friend, all is not lost as you think. Your heavenly Father knows what you have need of even before you ask! He has a supernatural impartation of strength to give you to see you through!

In conclusion, Paul's life was spared, and so were the 276 men that were with him. They did

What Our Longest Advertiser Says

When my personal training career started in this area over 19 years ago, Mark Dunn called me and asked if I wanted to be a part of their paper. I was new in business in this area and knew I had to get my name out there, so this was the first media outlet I had ever advertised in. As people started to hear about what I offered, through THIS paper, my name started to get out in the community, and in a few years I became the #1 producing personal trainer in the large gym I was in, out of 2,000 trainers!

When it was time to go out on my own, God used THIS paper to give me the confidence that I could find clients outside of that gym. I knew I must, because I wanted to create an environment for women that didn't want to be in a gym. That wanted a safe place they could work out and not feel judged. I also enjoy catering to Christian women who liked that our studio cared about that.

Now we have trained over 6,000 people, have 17 trainers, won the Small Business of the Year Award by the Chamber, give free seminars to the community, and started a meal prep service delivered to your home. We opened our 5th location in Palm Harbor, and we just moved our Wesley Chapel location into a new building that we own. We also have Land O Lakes, Carrollwood, Westchase, and more to come!

I thank God for bringing this paper into my life, and I am SO grateful, for they helped give me the original confidence that I could build this business, and look what its turned into and the amount of people we serve! The owners, Mark and Kay, are some the nicest, most genuine people you'll ever meet and I appreciate how they honor Jesus Christ in this paper. It's such a blessing to partner with them, and I'm happy to know that I am the longest partner in the last 19 years!

Preventing and Treating COVID-19 in Children and Teens

By Karen McBride

We are well aware that adults can contract COVID-19, but, unfortunately, children and teens are also susceptible. However, there are certain precautions we can take to reduce the chance of becoming ill with COVID-19 or the flu.

Wash your hands often, avoid touching your face, limit exposure to people outside the home, and wear masks.

Hand washing should last for 20 seconds. Try to make it fun with your child by singing his or her favorite song while hand washing.

Encourage your child or teen to practice social distancing. Limit the people they are exposed to whenever possible. If you can leave them at home with a family member while you go to the store, then do so. If they must go out in public, they should wear a cloth mask and use hand sanitizer often.

Clean and disinfect your home, especially toys, doorknobs, tables, light switches, television remote controls, and, of course, bathrooms.

As in flu prevention, eating a healthy, well-balanced meal, getting enough sleep as well as plenty of outdoor exercise in the fresh air and sunshine, can help to build your immune system to fight off the illnesses.

If you suspect your child has been exposed to COVID-19, the symptoms can include fever, cough, nasal congestion or runny nose, sore throat, shortness of breath, fatigue, headache, muscle aches, nausea or vomiting, diarrhea, poor appetite, new loss of taste or smell, or belly pain.

If your child is exhibiting any of these symptoms, call to schedule an appointment with Dr. Michele Johnson-Towson of Pediatric Place of Tampa, a board-certified pediatrician with over 30 years of experience in caring for children ages newborn to 21 years old.

Pediatric Place of Tampa is located at 1338 W. Fletcher Avenue, Tampa, FL 33612. For more information or to schedule an appointment, call 813-264-2288.

Same-day appointments and after-hours care are available (Monday, Tuesday, Thursday 8:00am-7:00pm; Wednesday 8:00am-6:00pm; Friday 8:00am-5:00pm and Saturday 8:00am-12:00pm).

New patients are welcome, and the practice accepts all insurance.

Kidz Corner: April Fools Day

Hi! My name is Harley and today on this fine spring day in May, I present to you today's topic. April Fools Day. And yes, it is May, but I talked about something else then. So the origin of April Fools is this: Once upon a time five centuries ago, they changed the new year from April to January. Some people didn't know that they had changed the calendar, so they were called April fools. Since then, people have played many a prank on others. Just to name a few: Once upon a time in 1957, the radio said Swiss people were having quite a crop of spaghetti and featured people picking the delicious stuff off trees. Once upon a time in 1998, Burger King sold a fake sandwich. And once, someone pranked America by saying he was running for president.

There are three types of jokes. The joke that helps you learn a lesson, a mean prank, and a plain fun joke. The spaghetti crop was

plain fun. The sandwich wasn't very nice. And I don't think the president thing was very good. Jokes should never be mean. Our April Fools prank this year was promising Ms. Katie brownies. More like brown Es. We printed out a sheet of brown Es and put them in a pan with a Bible. It was awesome. My ma doesn't really like doing pranks, but this one was fine according to her.

It's okay to play fun jokes sometimes, but you don't want to hurt anybody's feelings. Jesus said that we should love everybody, and we don't want to make them mad by doing a bad prank. Nobody's going to come to know Jesus if we're mean. We need to be Christlike so people can come to know Jesus. See you next month!

Harley Isabel Smith is a 2nd grader who has been featured on TV as a philanthropist, has a heart for evangelism, and writes monthly for the Gazette's Kid's Corner. Visit <https://harley-isabelsmith.com> where she is constantly adding written and video content to entertain and educate children.

Matthew 19:14 Jesus said, "Let the little children come to me and do not hinder them, for the kingdom of heaven belongs to such as these."

An Act of Kindness: The Good Samaritan

Jesus answered, "A certain man was going down from Jerusalem to Jericho, and he fell among robbers, who both stripped him and beat him, and departed, leaving him half dead. By chance a certain priest was going down that way. When he saw him, he passed by on the other side. In the same way a Levite also, when he came to the place, and saw him, passed by on the other side. But a certain Samaritan, as he travelled, came where he was. When he saw him, he was moved with compassion, came to him, and bound up his wounds, pouring on oil and wine. He set him on his own animal, and brought him to an inn, and took care of him. On the next day, when he departed, he took out two denarii, and gave them to the host, and said to him, 'Take care of him. Whatever you spend beyond that, I will repay you when I return.' Now which of these three do you think seemed to be a neighbor to him who fell among the robbers?"

He said, "He who showed mercy on him."
Then Jesus said to him, "Go and do likewise."

But when you work with me, we'll find the plan that sucks the least!!

Something funny: By Joel Osteen

I heard about this middle-aged woman that had a heart attack. While on the operating table, she asked God if this was it. God said no, you have 40 more years. Upon recovery, she decided to stay and have a makeover in the hospital. Having a facelift, a tummy tuck, and Liposuction, an extreme makeover. Two months later she was leaving the hospital she was hit by a car and was killed. When she got to heaven said to God, "I just do not understand. I thought you said I had 40 more years." God said, "Oh, I am sorry about that, but I did not recognize you..."

GFWC Lutz-Land O’Lakes Woman’s Club Hasn’t Gone Idle This Pandemic Year

GFWC Celebrates Earth Day

GFWC Lutz-Land O’Lakes Woman’s Club observed Earth Day by providing craft projects for kids at Crews Lake Park. Bumble Bee recycled water bottles were distributed and shells and recycled nail polish were provided for children to paint into decorative pieces. In addition, members delivered electronics, batteries, etc. to the collection point in the park for recycling. The Woman’s Club has participated in this event for decades and has long been active in conservation and saving the environment. For more information, please visit gfwclutzlandolakes-womansclub.org or on their Facebook page.

GFWC Donates to Sunrise Shelter

(L-R) Nancy Swanton and Joan DeCapua delivering donations to the shelter

Nancy Swanton making duct tape auto repairs

GFWC Lutz-Land O’Lakes Woman’s Club stops at nothing to get the job done! Members Nancy Swanton and Joan DeCapua were en route delivering donated clothing and other items to Sunrise Domestic Violence Shelter when something went wrong with their vehicle. Not to be deterred, Nancy didn’t hesitate to climb under her SUV and make emergency repairs with a trusty roll of duct tape. Problem solved temporarily as they continued to their destination and completed the task. For more information, please visit gfwclutzlandolakeswomansclub.org or on their Facebook page.

GFWC Flea Market

GFWC Lutz-Land O’Lakes Woman’s Club enjoyed a very successful Flea Market with beautiful weather and great crowds of customers last weekend. The clubwomen had to downsize their very popular huge flea market due to pandemic restrictions but were very pleased with the results of this “mini” version. The proceeds will benefit the club scholarship fund and other projects in the community. For more information, please visit gfwclutzlandolakeswomansclub.org or on their Facebook page.

Tax Collector Mike Fasano’s Offices Feature CARES’ “Pet Project” as the Charitable Giving Campaign for May

Tax Collector Mike Fasano’s five offices will feature CARES (Community Aging & Retirement Services) as the charitable organization for the month of May, 2021. “Do it Fur Love!” is the slogan of the month’s campaign. All proceeds from the promotional effort will benefit CARES, and specifically the Pet Project, a program to help the elderly take care of their pets.

CARES provides programs and services that help older adults stay in their homes by providing support to them, their caregivers and families. The May promotion shines a spotlight on the CARES Pet Project. Donations will be used to supply pet food, pet care products and other supports to assist the elderly in keeping their pets well cared for.

“CARES is very appreciative of this effort by the tax collector’s office,” states Jemith Rosa, CARES President & CEO. “For many elderly people, having a pet means they feel less lonely and socially isolated. A pet is a true companion that gives unconditional love and friendship.”

“It is my belief that a public servant has a responsibility to do whatever he or she can to assist those less fortunate,” states Tax Collector Mike Fasano.

“Over the years, whether in Tallahassee or locally, the proper funding of CARES was and continues to be a top priority of mine. The CARES Pet Project is an exciting program that has demonstrated its value to our vulnerable seniors. With this support they no longer have to choose between buying medication for themselves or food for their pet. I’m excited that we will once again be able to support the neediest seniors in our community.”

For more information about CARES and the Pet Project please contact Director of Administrative Services Melissa Mathe at 727-862-9291 or visit the website www.CARESFL.org. For more information about the promotional and charitable giving programs at the tax collector’s office, please contact Assistant Tax Collector Greg Giordano at 727-847-8179 or visit www.pascotaxes.com. Donations may be mailed to: Pasco County Tax Collector’s Office, P.O. Box 276, Dade City FL 33526-0276.

GFWC Donates to Miles Elementary

“Smile Bags” donated to Operation Smile for recuperating children

Member Faith Sincich delivering a trunkful of donations to Miles Elementary

GFWC Lutz-Land O’Lakes Woman’s Club hasn’t gone idle during this pandemic year. The ladies pursued even more than their usual full portfolio of projects because the need has been so great. Ms. Sincich delivered enough “snuggle buddy” bundles for an entire 1st grade class at Miles Elementary, each containing 2 books, a flashlight and a snuggly blanket as well as a trunkful of donated clothing and supplies to the school. Karen Molis and other club members have completed more sleep mat/bedrolls to be delivered to the local homeless population. Smile Bags have been crafted and filled with hygiene items and some fun items for 24 children recovering from oral and facial surgery under the “Operation Smile” program. For more information, please visit gfwclutzlandolakeswomansclub.org or on their Facebook page.

GFWC Donates to AmVets

Sandi Marrow delivering goods

Sandi’s SUV filled with donations

GFWC Lutz-Land O’Lakes Woman’s Club members shared the aftermath of their recent flea market with at least 15 local not-for-profit organizations. Member Sandi Marrow loaded her SUV with very desirable clothing and accessories and delivered it to AmVets. The club was happy to distribute many carloads of household goods and clothing to numerous other needy groups such as nursing homes and shelters. For more information, please visit gfwclutzlandolakeswomansclub.org or on their Facebook page.

Tax Collector Mike Fasano & Staff Raised Over \$4,100 for the “YMCA of the Suncoast” Swimming Lesson Program

Photo of check presentation attached which includes Julio Vega, District Vice President for the YMCA of the Suncoast, Chief Deputy Tax Collector Tim Couet, Director of Branch Operations for the Pasco Tax Collector’s Office Michelle Vancuren, Executive Administrative Assistant Janet Oroz and managerial and customer service staff members of the Pasco County Tax Collector’s Office

The featured Charity of the Month for February 2021 was the YMCA of the Suncoast. Pasco County Tax Collector Mike Fasano’s five offices collected \$4,112.27 in donations to support the Y’s swimming lesson program. Water safety is a high priority of the YMCA and it is a mission that is shared by the Pasco County Tax Collector’s Office. In a county that is bordered by the Gulf of Mexico and neighborhoods that have swimming pools and countless lakes, the importance of preparing young people to navigate safely in the water is a top priority.

“On behalf of the YMCA of the Suncoast and the Pasco County community, we would like to thank the Pasco County Tax Collector’s Office and all those that made donations in the month of February to help save lives,” comments Julio Vega, District Vice President for the YMCA of the Suncoast. “Children learning to swim is an essential skill every child must learn. Because of the support of others, the YMCA is in a better position to make sure children learn to swim this year.”

“The YMCA is the premier agency to provide swim lessons to young people in our community,” comments Tax Collector Mike Fasano. “It was our honor to help raise funds to support families who may not otherwise be able to afford water safety lessons. Many thanks to a very generous public for the donations they have made.”

For more information about this and other charitable campaigns supported by the Pasco County Tax Collector’s Office please contact Assistant Tax Collector Greg Giordano at (727) 847-8179 or visit www.pascotaxes.com. For more information about services provided by the YMCA of the Suncoast, please call Julio Vega, District Vice President at 727-375-9622 or visit <https://ymcasuncoast.org>.

The Great Florida Outdoors: The Beautiful Snowy Egret

Dr. Robert Norman, Clinical Professor, Dermatology, Nova Southeastern University

On a recent trip with my niece Michelle and my daughter Fionna to the Wakodahatchee Wetlands in Delray Beach, I was fortunate enough to photograph wood storks, egrets, green herons, and a great many other marvelous creatures. The snowy egret is in the family of Herons, Egrets, and Bitterns.

The snowy egrets are medium-sized herons with long, thin legs and long, slender, bills. Their long, thin neck sets the small head well away from the body. Adult Snowy Egrets are all white with a black bill, black legs, and yellow feet. They have a patch of yellow skin at the base of the bill. Immature Snowy Egrets have duller, greenish legs.

Their habitat includes marshes, swamps, ponds, and shores. The bird is widespread in many types of aquatic habitats, including fresh and salt water; in coastal areas, and may seek sheltered bays. Inland, a snowy egret favors extensive marshes and other large wetlands but sometimes forages in dry fields.

It nests in colonies in trees, shrubs, mangroves, sometimes on or near the ground in marshes. The females usually have 3-5 eggs, pale blue-green. Both parents feed the young. The last young to hatch may starve. Young may clamber out of the nest after 20-25 days of incubation, probably unable to fly before 30 days. Male and female Snowy Egrets take turns incubating their eggs. As one mate takes over for the other, it sometimes presents a stick, almost as if passing a baton. Both parents continue caring for the young when they hatch.

During the breeding season, adult Snowy Egrets develop long, wispy feathers on their backs, necks, and heads. In 1886 these plumes were valued at \$32 per ounce, which was twice the price of gold at the time. Plume-hunting for the fashion industry killed many Snowy Egrets and other birds until reforms were passed in the early twentieth century. The recovery of shorebird populations through the work of concerned citizens was an early triumph and helped give birth to the conservation movement. With protection, populations recovered. In recent decades, it has an expanded breeding range far north of historical limits. It is probably still expanding in range and increasing population.

I was able to capture a lovely bird, sporting a vibrant green lore—the area between the bill and the eyes—indicative of the breeding season. As noted, the bird will also display long, elegant plumes on its back shown here which are used in courtship displays. Like a peacock, the feathery plumes spread out like a fan. After the breeding season, these long feathers disappear.

Adult Snowy Egrets have greenish-yellow feet for most of the year, but at the height of the breeding season their feet take on a much richer, orange-yellow hue. The bare skin on their face also changes color, from yellow to reddish.

Snowy Egrets sometimes mate with other heron species and produce hybrid offspring. They have been known to hybridize with Tricolored Herons, Little Blue Herons, and Cattle Egrets.

Snowy Egrets wade in shallow water to spear fish and other small aquatic animals. While they may employ a sit-and-wait technique to capture their food, sometimes they are much more animated, running back and forth through the water with their wings spread, chasing their prey. I recommend you subscribe to this web site for the American Bird Conservancy at abcbirds.org. You will get sent a weekly newsletter to learn your birds! Where can you find the beautiful Snowy Egret?

Get out and enjoy the Great Florida Outdoors!

Fleas and Ticks

What is the difference between fleas and ticks? There is actually a big difference. A flea is a wingless insect that can jump really far. Ticks are arachnids, closely related to spiders. Fleas can live for more than 100 days, while ticks can live from a few weeks to up to 3 years. Ticks can transmit dangerous diseases like Lyme disease and Rocky Mountain spotted fever. Ticks live on bushes and grass. When your pet walks by and brushes up against the grass or shrub the tick climbs up on the host. Once on the new host the tick will eventually find a place to attach and feed. Fleas are very common, in fact there are over 2,000 different species of fleas. Fleas can cause extreme discomfort in your pet and can cause a severe allergic reaction to flea bites. There are many products that help control fleas and ticks. We recommend **Bravecto** which according to industry studies is the # 1 flea and tick product on the market. For dogs, it is an oral dosage that lasts about 3 months and for cats it is a topical application that lasts about 3 months. In Florida your pet needs year round protection from fleas and ticks. **Bravecto** is fully guaranteed by the manufacturer and is only available from licensed veterinarians.

Continued from Page 1

It's certainly true that no nation is ever greater than its mothers, for they are the makers of the next generation.

John Stiles wrote:

*"I have worshiped in churches and chapels. I have prayed in the busy street.
I have sought my God and have found him in the waves of His ocean beat.
I have knelt in the silent forest in the shade of some ancient tree
But the dearest of all my altars was at my mother's knee.
God, make me the man of her vision and purge me of selfishness.
God, keep me true to her standards and help me to live to bless.*

God, hallow the holy impress of the days that used to be And keep me a pilgrim forever to the shrine at my mother's knee." I recently came across a true story that happened during the Holocaust. Solomon Rosenberg, his wife and their two sons were arrested and placed in a concentration camp. The rules were simple.

As long as they did their work, they were permitted to live. When they became too weak to work, they would be exterminated. Rosenberg watched as his own father and mother were marched off to their deaths and he knew that his youngest son, David, would be next because he had always been a frail child.

Every evening, Rosenberg came back into the barracks after his hours of hard labor and searched for the faces of his family. When he found them, they would huddle together, embrace one another and thank God for another day of life. One day, he came back and didn't see those familiar faces. He finally discovered his oldest son, Joshua, in a corner sobbing and praying. "Josh, tell me it's not true." Joshua turned to his dad and said, "It's true. Today David was not strong enough to do his work and so they took him away."

Mr. Rosenberg then asked, "But where is your mother?" Joshua could barely speak and finally uttered, "When they came for David, he was afraid and cried and so mom took his hand and went with him." That's the kind of love that Hannah had for Samuel. You can read about her in the book of 1 Samuel in the Bible. Hannah was willing to sacrifice herself for the sake of her son. She loved him so much that she was willing to forgo a mother's greatest joy—that of bringing up her son and having him around her. She was committed to do whatever it took for him to reach his godly potential.

If you read through the book of 1 Samuel, you will discover that Eli had three sons; Hophni and Phinehas were very evil and did some detestable things. It's very interesting that their mother is never mentioned anywhere.

We don't know if she died or if she was just not engaged as a parent. Samuel, on the other hand, was greatly impacted by his mother's influence, and went on to become a significant individual in God's redemptive history. Moms, you matter greatly to your kids and to the very future of our world.

Think about this: 

- * Many folks want to serve God, but only as an adviser.
- * Do you think "stop, drop, and roll" will work in Hell?
- * Some minds are like concrete: thoroughly mixed up and have permanently set.
- * God loves everyone but probably prefers "fruits of the Spirit" over nuts!
- * The good Lord didn't create anything without a purpose, but mosquitoes came close.
- * Opportunity may knock once, but temptation bangs on the front door forever.
- * Quit griping about your church! If it was perfect, you couldn't belong.
- * If your church needs a better pastor, it only needs to pray for the one it has.
- * The best mathematical equation is 1 cross + 3 nails = 4 given.
- * God Himself doesn't propose to judge a man until he's dead. So why should you?
- * Don't wait for six strong men to take you to church.
- * We don't change the message, the message changes us.
- * Why advertise your business to keep God's word in print media? He will give you something to sing about and something you can dance to.

Scams to Watch Out For

Submitted by the Pasco Sheriff's office

The Pasco Sheriff's Office receives reports of many different scams throughout the year. Suspects are using these scams to extort citizens and turn them into victims. Because of this, we want to share frequent scams we see for this month's newsletter to make sure that you and your family are aware and prevent victimization in our community.

Vaccine Scam

The pandemic has made this past year challenging. Unfortunately, this has not stopped criminals from capitalizing on people's fears. A common scam being seen across the country is phone calls to reserve vaccines.

Victims receive phone calls advising they can reserve their COVID-19 vaccine by providing either a credit card number or social security number. These fraudsters are impersonating Centers for Disease Control (CDC) personnel and government officials.

This scam has been occurring since last spring and we may see an increase in these calls as vaccines continue being distributed. We ask that you do not provide any personal information to these individuals as it may be a scammer. Follow only credible sources of information regarding COVID-19 updates.

Church Scam

Victims of this scam are contacted by an unknown subject claiming to be a pastor or church employee. The scammer will make contact through email or phone call and inform the church member to not call the number back, as it would disturb a prayer session. The caller will then ask the victim to purchase gift cards and share the information for the cards by taking a photograph and sending it to them.

If you receive any communication from someone claiming to be affiliated with a church, please reach out to the church office directly and verify this request. Do not share financial information or gift card information via email, phone or text messages.

Threats Via Text Scam

Scammers are sending text messages to random numbers informing the recipient they have been instructed to cause harm to them. The subject offers the victim the chance to prove how important their life is by allowing them to pay instead of being harmed.

If you receive a text or phone call regarding these threats, please do not engage in conversation or provide any personal information.
As always, if you or someone you know has been a victim of these scams, please report them to the Pasco Sheriff's Office at 727-847-8102 option 7.

Help is Just a Phone Call Away

By Karen McBride

Bobby Crowe, owner of Carrollwood Handyman, grew up in the Tampa Bay area. He moved away in 2000 to work for Boeing, but now he's back, and he's here to help you to keep your home well-maintained.

Florida is known for its beautiful weather, and we use our patios and screened lanais on a regular basis. Dirt and pollen can accumulate on screens and cement floors.

The high humidity can cause mold or mildew to grow. This is not only unsightly, but it is also unhealthy. Carrollwood Handyman can provide pressure washing services and restore the beauty to your lanais, walkways, and homes.

Unfortunately, plumbing issues can occur at any time. Once the repair has been made, there could be additional damage caused to the surrounding sheet rock. Rather than calling separate vendors, Carrollwood Handyman can repair the plumbing issue, replace or repair the sheet rock, and even paint the wall for you.

In addition to repair services, Carrollwood Handyman offers home improvement assistance. Mounting televisions and replacing ceiling fans can be difficult tasks, and they are best left to the professionals.

Call Bobby at 530-913-9837 to help you with your home maintenance needs.

Chris Tillman

As a longtime advertiser in Dunndead Publications, I just wanted to say thanks for your years of service. I've met so many great readers over the years, many who use our services year after year. Advertising in your publications is probably the sole reason my Palm Trimming business has succeeded over the years. It's the only place I gladly pay for advertising year after year. Thanks Kay for all the great service over the years, and I'm looking forward to many more years of advertising with you!

USF Students Help Liberty Manor Vets

Students from the University of South Florida Business Honors Department 2020 arrived at Liberty Manor for Veterans and showered the veterans with various supplies and money to purchase a dinner on an evening when they choose to order food. The students signed a card stating they appreciate the veterans for their service and left an inspiring message—GO BULLS! The mission of Liberty Manor for Veterans; Inc. is to promote the developmental and social needs of disabled and honorably discharged veterans who have fallen victim to homelessness, providing transitional supported housing and establishing objectives designed to attribute to self-sufficiency. Anyone interested in assisting this meritorious initiative, please contact Connie Lindsay (813) 900-9422.

We are ALL in this together. Get vaccinated!!

VETERANS RACE

ON THE RIVER 2021

Memorial Day, Monday, May 31st

12pm until finished

Riverhills Park

Ahoy! Liberty Manor and Hillsborough County Cultural Assets Program are hosting a "Race on the River" whereby a sponsorship of \$2,000 would offer you (or your organization) a canoe and a chance to compete in an event for a great cause—veterans.

This event will be held on Memorial Day (perfect)! If you agree to sponsor a canoe, your organizations name, and the organizations logo will be displayed on the canoe, along with the opportunity for you to serve as Crew Chief (or designate someone else) to partner with one of our veterans in a canoe.

Your team will be competing against a fleet of other canoes—competing for the grand prize. This will surely determine who will be the next champion in this town, right there along with the Stanley Cup Champion Tampa Bay Lightning and the Super Bowl Champion Buccaneers. The media will offer coverage of this spectacular event that promises to offer a lot of fun!

Though we are located in Tampa, Florida, our veterans come from all over the United States – even Puerto Rico. Let us remember that only two defining forces have ever offered to die for you - Jesus Christ and the American soldier, one died for your soul; the other died for your freedom. It is our sincere hope that you will see the need and might be willing to assist this indigent but extraordinarily successful initiative. We look forward to partnering with your organization.

For God, Veterans and Country,
Connie Lindsay - Chief Executive Officer

The Lord's Prayer

Our Father in heaven, hallowed be your name, your kingdom come, your will be done, on earth as it is in heaven. Give us today our daily bread. And forgive us our debts, as we also have forgiven our debtors. And lead us not into temptation, but deliver us from the evil one.

Matthew 6:9-13

May Garden Tips

from *Shell's Feed & Garden Supply, Inc.*

Your Monthly Garden To-Dos from your friends at Shell's Feed & Garden!

What to Plant

- It's not a long list right now! Sweet Potatoes, Swiss Chard, Okra, Southern Peas (such as blackeye peas, zipper cream peas, pinkeye purple hull peas, etc) are your best bets for this time of year.
- Seeding for Summer Cover Crops, if you're not growing any of the above, is a great idea this month, those include southern peas mentioned above, Sunn Hemp, Marigolds, Buckwheat, fava beans, and more.
- If you have seedlings for anything from the April Garden Tips list, get them in the ground right now!

What Needs Done

Edibles/Veggies: Fertilize Citrus Trees now with nothing higher than an 8-8-8 for trees age 1-4, & 4-6-8 for trees 5 years & older, following instructions on the citrus fertilizer bag for fertilizer placement & amounts. Fertilize existing veggie plants with a side dressing of fertilizer like Shell's 3-3-3 Organic for great bio-availability & soil enrichment. Add Dolomitic Lime/Ag Lime to your nightshades (tomatoes, peppers, etc) to keep blossom end rot at bay. Fungus is a problem in Florida! Spray Garden Friendly Fungicide on cucumbers, squash, & melons for fungal diseases & keep the surroundings safe - spray tops & undersides of leaves as directed (see our staff for helpful tips!). Got bugs? Try Triple Action Neem Oil, Conserve Naturalyte, or Natural Pyrethrins, depending on what bugs you've got.

Lawn & Landscape: **ATTENTION! THERE IS A FERTILIZER BAN THAT STARTS JUNE 1 FOR NON-AGRICULTURAL/FOOD PRODUCTION USE. NOW IS THE TIME TO FERTILIZE IF YOU HAVEN'T ALREADY!**

Fertilize Palms with specialized Palm Fertilizer to avoid yellow frizzle & browning of fronds. Control black spot on roses & other plants with sprays made for that purpose. Green up your lawn by aerating & spreading Milorganite, allowing the rain to water it in for you if possible. Use Hydretain in all your watering to reduce the amount of water you use by 50%!
